Forecast for Friday 02 Apr 2021

Weather: A clear night with most areas seeing the sunrise. An area of cloud will spread from the north in the morning, perhaps thick enough for the odd spot of rain or summit snow flurry over the Northern Cairngorms, but most staying dry and staying bright in the southwest of the area. Then the cloud breaking more widely later with some fine sunny spells to end the day.

Chance of cloud free mountain/hill tops above 800m: 90% at first falling 50% in morning then improving to 90% again from mid afternoon.

Visibility: General clarity of the air remaining very good, but some patchy cloud down to 750 metres in the morning, mainly in the north bringing some hill fog.
